

NO RELIEF FROM HEAT IN SIGHT

4-H Boys and Girls Show at State Fair

Gene Gustlin wins second place with Hampshire boar.

Laurann Beard rides 4-H club float in Youth Day parade.

Demonstrations Are Given in State Contests

Tuesday was a big day at the Ohio State Fair for the boys and girls of Fayette County. How many of them were at the exposition, probably never will be known, but there were many and when evening came, they were tired but happy.

This was the annual 4-H Club Activities Day at the Fair for youngsters from 20 southwestern Ohio counties. Similar activities days are held throughout Fair Week for other sections of the state.

This was the day when the 4-H boys and girls from southwestern Ohio put on their demonstrations, paraded in their fashion revues and showed their livestock in statewide competition for trips to the state and national 4-H Congress, for scholarships, trophies, honor and recognition of their achievements and cash.

Although the judging was kept in high gear, the grades were not immediately announced. It was said at the Extension Service office here that it might be the latter part of the week before it would be known how the Fayette County participants fared.

THE BOYS AND GIRLS who participated in the competitions earned the right to go to the State Fair through success in club and county competition. Just to participate in the State Fair program was considered a reward in itself.

Mrs. Olive Woodward, the county's home demonstration agent, (Please Turn To Page Two)

Meanderings By Wash Fayette

A few letters in a name and address may go a long way sometimes.

Looking over some old papers, I found an envelope which is a real keepsake.

I instantly recognized the handwriting of Probate Judge Rell G. Allen, and the letter was postmarked in France in 1918.

The address is what interested me, and I never realized it was possible to use 10 letters and make a letter reach someone over here when the letter was mailed in France.

The only address on the letter, in addition to my three initials, was: "W.C.H.O., U.S.A."

I recall when I opened the letter it contained 10 cents in French money, with the brief note:

"Have a Coke on me."

Rell had sent the letter while stationed near the front during the First World War, when Company M of Washington C. H., was among the early fighting units sent to France to help stem the German tide which was proving too much for the French and British.

Dulles Warns Reds Against Any Aggression In Far East

ST. LOUIS (AP)—Secretary of State Dulles solemnly warned the Communist world today that Red Chinese aggression against Korea or Indochina might provoke war by the West against China itself.

In doing so, he appeared to be laying down a new government policy of telling potential aggressors in advance where the United States will fight to protect its security.

"The Chinese Communists must now realize, he said, that 'they could no longer count' on the 'privileged sanctuary' of Manchurian air and supply bases in the event they renew aggression against South Korea.

As for Indochina, the secretary noted in a foreign policy speech prepared for the American Legion Convention that Communist China is training, equipping and supplying Communist rebels in Indochina.

Dulles then declared:

"THERE IS the risk that, as in Korea, Red China might send its own army into Indochina. The Chinese Communist regime should realize that such a second aggression could not occur without grave consequences which might not be confined to Indochina.

"I say this soberly in the interest of peace and in the hope of

preventing another aggressor miscalculation."

Dulles told the veterans the Korean War has taught the United States "a lesson which we expect to apply in the interest of future peace." The lesson is this:

"If events are likely which will in fact lead us to fight, let us make clear our intention in advance; then we shall probably not have to fight."

He said many informed people think that both World War II and the Korean conflict came about because the aggressors miscalculated the thought that the Americans would not fight.

The Korean fighting has established, he said, that "aggressors hostile to the free world cannot go on enlarging themselves by the conquest of small nations, until they become bloated with power and busy with success."

Judge Appointed

COLUMBUS (AP)—Gov. Frank J. Lausche today appointed Parker Fulton as common pleas judge of Cuyahoga County. Fulton, a Cleveland attorney, fills a vacancy created by the recent death of Judge Adrian G. Newcomb.

Sidewalks Blister Youngster's Feet

NAVARE (AP)—The concrete sidewalks in this village of Navarre were too much for Terry Lynn Null, 2, son of Mr. and Mrs. Noble Null.

He came home from play yesterday and complained to his mother his feet hurt. Discovering the feet were blistered and swollen, she took him to a physician, who treated the lad for second degree burns.

Today the young tenderfoot was being hauled around in a little wagon by his playmates. In the shade, that is.

Kid Burglars Can't Remember

DENVER (AP)—Six youngsters being questioned by police couldn't recall all the burglaries they had committed.

"How do you expect us to remember?" one of them asked Detective Lester Jones. "We pulled some of those jobs when we were just little kids."

The youngest of the six is 9 years old. The oldest is 13.

Jones said the boys pulled at least 40 different jobs in the past three years. He estimated their loot at about \$400 in cash and merchandise.

Another 100 Happy Yankees Freed By Reds

89 Americans Slated For Return To Allies In Tonight's Swap

PANMUNJOM (AP)—Another 100 happy Americans sailed through Freedom Gate here last night, bringing to 3,027 the number of U. S. soldiers freed by the Communists as the Korean War prisoner exchange neared an end.

These other developments highlighted the 29th day of Operation Big Switch:

1. A returning officer said 75 Americans who "confessed" to germ warfare charges under relentless Red pressure would be repatriated soon. He said the men, mostly officers, were in Kaesong, the Communist holding point north of Panmunjom.

2. The sixth troopship carrying liberated Americans sailed for the United States from Inchon on Korea's west coast. With 440 men aboard, the transport Gen. Black is due in San Francisco Sept. 15.

3. AN AMERICAN corporal, said to be marked for death by other returning prisoners because he betrayed them to the Reds, was reported to have disappeared from a Tokyo hospital. The soldier, identified only as "Slick," was freed three weeks ago and had been sent as a medical case to the hospital.

4. The U. N. Command accused the Communists of rigging interviews between Allied POWs and visiting Red Cross teams. The announcement quoted a returned Australian officer as saying the Reds told him that he would not be repatriated unless he gave "proper answers" to Red Cross workers.

Smiling and apparently in good health, 41 officers and 59 sergeants made up the 100 Americans returned yesterday.

In all, the Communists turned back 100 Americans and 200 South Koreans and promised to deliver 89 Americans, 200 Koreans, 5 British and 6 Canadians tonight.

Including yesterday's delivery, 11,716 Allied prisoners have been freed. Before the exchange started, the Reds said they held 12,782 POWs, but have since indicated they would return more than that number. They said these would include an undisclosed number of men captured in the last days of the war.

According to the original Red figure, 286 Americans are yet to be returned, but this number probably will be exceeded.

Blue Ribbon Judging Tops Fair Program

COLUMBUS (AP)—Blue ribbon judging of subjects ranging from baton twirling to sheep shearing continued today at the Ohio State Fair.

The judges will examine large entries of cattle, swine, sheep, horses and flowers.

National Shropshire and Dorset shows highlighted yesterday's judging. Both were reported as the largest of their kind ever held. There were 296 entries.

Mrs. Harold S. Robinson, Ashtabula, saw her spring ewe take top money in the Shropshire class. James A. Osborne of Marion, Ind., had the winner in the Shropshire ram class.

A senior ram owned by J. R. Henderson, Hickory, Pa., won championship money with his Dorset ram. The ewe title went to a senior lamb from the pens of D. C. Brew, Wisconsin Dells, Wis.

A Dorset yearling owned by Warren Squires, Chesterville, won the ram class reserve title.

A Bellefontaine yearling ewe is reserve champion in the Shropshire division. It is owned by C. N. Cretcher.

Farrel M. Schultz of Degraff entered the reserve champion Shropshire ram.

Willard Bitzer, head of the sheep shows, said 241 head sold averaged 88½ pounds each and brought an average price of \$21.88 a hundredweight. Breed champions sold at \$24 to \$30 a hundredweight.

Grand champion Future Farmers of America lamb was entered by Jack Hufford of Bellefontaine.

Paul Teegardin Jr. of Pickaway County won the 4-H blue ribbon in the Shropshire class. Tommy Weber, Warren County, had the reserve pen championship.

Ex-Red Tells Of Communist Activity In Akron Industry

COLUMBUS (AP)—A former Communist told the Ohio Un-American Activities commission today the party "never had more than 250 members" active in the Akron area between 1936 and 1942.

The witness was Mae Probst, Akron, a Farmer-Labor candidate for the Ohio Legislature in 1936. Mrs. Probst testified she was a Communist at the time and that the Communists financed her campaign and circulated her petitions.

Mrs. Probst was the first of four "friendly" witnesses subpoenaed for testimony at the first open hearing of the commission since

the Legislature authorized it to operate until Jan. 31, 1954.

Other witnesses to testify are her husband, Christian U. Probst; Vani Mitri of Akron and Ralph J. Kerns, Cuyahoga Falls.

The testimony of Mrs. Probst bore out a report by commission chairman Samuel L. Devine of Columbus in advance of the hearing that described published reports of 7,500 Communists in the Akron area as inaccurate.

MRS. PROBST said she broke with the party in 1942 because the Communists demanded too much of her time. She said she also refused to bring her five children to Communist meetings.

The composed witness said she joined the party to help agitate for better working conditions in the rubber industry centered in Akron. She said she induced her husband to become a member and often worked in party headquarters at the corner of Market and Main Sts. in Akron.

The party had three major branches. She identified them as being for women, rubber workers and professionals, a catch-all unit for men outside the rubber industry.

The Communists got their foothold in Akron during the 1936 rubber strike at the Goodyear plant, Mrs. Probst related.

The witness identified James Keller as head of Communist activities in Summit County. She said his wife, Evelyn, also was a party worker.

Mrs. Probst identified more than 50 residents of the Akron area as Communists. She said one of them, Attorney Thelma Furry, no longer belonged to the party.

Mrs. Probst said she felt she had done nothing wrong in belonging to the Communist Party.

"THE EXPERIENCE gained was worth while," she said, "but I wouldn't advise anyone to become a member. I don't feel there is any incentive in joining."

She said her break with the party came about gradually and is now permanent. Members have sought to bring her back into the party since she left, Mrs. Probst said. Concerning the difficulty of quitting the party, she testified, "Once you break down, they keep stepping on you."

3 Western Allies Calling For Parley

LONDON (AP)—The Big Three Allies called on Russia today to join an early four-power conference of foreign ministers on the future of Germany and Austria.

Identical notes were sent by the United States, Britain and France suggesting the high level talks to work out:

1. Arrangements for holding free Germany-wide elections as an essential first step toward restoring German unity and agreeing on a final German peace settlement.

2. Final agreement on the long-promised Austrian treaty of independence which Russia has been stalling.

Informants said the Allied notes rejected Soviet Russia's proposal to set up a provisional all-German government which would participate in a German peace conference to be held within six months. The Soviets suggested also that free Germany-wide elections should follow the peace conference.

The American, British and French notes made it clear the Allies believe Soviet proposals for holding elections after a peace settlement put the cart before the horse.

The informants said the Allies proposed the ministers meet about mid-October in Switzerland. The lakeside town of Lugano near the Italian-Swiss frontier is understood to have been suggested as a meeting place.

Hot Phone Girls Walk Off Jobs

SANDUSKY, Ohio (AP)—Forty telephone operators got hot because of the heat here yesterday and walked off their jobs. They threatened not to return to work until the company installs air conditioning.

Eleven other operators stayed on the job in 98-degree weather to handle emergency calls. The Ohio Bell Telephone Co. said it would make an announcement today about the issue.

It May Get Cooler In Couple Days

Weatherman Says 'More Of Same' Until Possibly Friday

By The Associated Press
Sweating temperatures bore down on Ohioans again today with no immediate relief in sight from a week of temperatures crowding or passing the 100-degree mark.

It was a "more of the same" forecast at least until Friday.

But the weatherman was vague about the possibility of even getting relief Friday.

As far as he would go in his revised forecast at noon today was: "Thursday — hot."

The deaths of two persons in the Cleveland area were attributed to the heat yesterday.

Leon Hilty, 42, and Thomas Jones, 70, both succumbed. Officials said both deaths probably were caused by hot weather.

The Columbus weather bureau predicted a high of 96-102 today.

FROM ONE END of the state to the other, yesterday was a scorcher. In downtown Portsmouth thermometers zoomed to 107. The day before it was 105 and Sunday it was 103.

Yesterday was the fifth consecutive day of 100 or 100-plus temperatures in Circleville. Yesterday's official high was 103.

Cincinnati registered a high of 102, Toledo and Lancaster 100, and Springfield 99. In Columbus the mercury hovered at 99.

Springfield, Dayton and other Miami Valley cities faced critical water shortages.

But it was the farmer who really worried. In some south-central areas they had to haul water for livestock as their pastures and crops suffered.

The damage from the summer's unseasonable weather, with no heavy rains in many areas, was widespread in the eastern half of the nation.

The death toll from causes attributed to the current heat wave mounted to at least 50. Thousands have been treated for heat prostration.

Damage to crops in several states appeared soaring into the millions of dollars. In Missouri alone, officials estimated the farm income loss from drought would total \$150 million.

IN IOWA, one of the leading corn states, a farm official said the hot weather of the last week along had cut the state's prospective corn yield by at least 15 per cent. Corn damage also was reported in Illinois, South Dakota, Nebraska, Indiana and Ohio.

No general relief from the hot and sticky weather was predicted for the bulk of the area enveloped in the hot air mass.

Some cool air moved into northern parts of Minnesota. It was expected to move slowly across northern sections of Wisconsin, Michigan and Iowa by tomorrow.

But hot and humid weather was predicted for today and tomorrow for areas south and east of the slowly advancing cooler air mass.

In Washington, the Weather Bureau forecast hot and dry weather was the outlook for the northeast part of the country during all of September.

Temperature records toppled again yesterday in nearly every section of the sweater-belt. It was the same in many cities yesterday as it has been for more than a week—readings in the high 90s and in some cities above 100.

The hot weather has slowed business in some areas but no general slackening was reported.

Of the 50 deaths attributed to the heat, there were 12 in Chicago in a 12-hour period yesterday, the hottest Sept. 1 on record. The death toll in Illinois was 14.

Seventeen persons died in Pennsylvania from heat exhaustion or heart conditions aggravated by hot weather. There were 6 in New York; 3 in Texas; 2 each in Ohio, Michigan, Missouri and Massachusetts, and 1 each in Indiana, Maine, Wisconsin and Maryland.

Body Recovered

CLEVELAND (AP)—Coast guardsmen yesterday recovered the body of supply boat operator Joseph Rettei, 45, who was drowned Monday when he toppled from his boat in the Cuyahoga River.

Man Is Injured Badly at Quarry

Crushed Under Truck
Which Overturned

Charles Roush, 36, was badly injured at the Sugar Creek stone quarry at 3 P. M. Tuesday when a stone truck, which he was unloading on a large pile of stone, overturned and caught him between the truck and stone, crushing him severely.

He was brought to Memorial Hospital in the Gerstner ambulance. It was found that in addition to severe lacerations and bruises, he had sustained a dislocated hip.

Wednesday reports stated he was improving satisfactorily. Loose stone sliding from beneath one side of the truck is said to have been responsible for the accident. Roush, who resides near Staunton, apparently started to jump to safety and was caught by the overturning truck, witnesses said.

Sheriff Orland Hays investigated the accident.

Officers Elected By County WCTU

Mrs. Ervin Evans was reelected president of the Fayette County Women's Christian Temperance Union at the annual county convention Tuesday at the Bloomingburg Methodist Presbyterian Church. This will be Mrs. Evans' second year as head of the organization.

Other officers named at the same time were Mrs. Frank Haines, first vice president; Mrs. John Knisley, second vice president; Mr. Arthur Finley, secretary and Mrs. Homer Garringer, treasurer.

On the nominating committee were Mrs. Eldon Bethards, Mrs. E. L. Scott and Mrs. Charles Marine.

The convention opened in the morning with piano prelude by Hazel Engle, devotions by Mrs. Omar Schwart and a vocal solo by Mrs. Arthur Engle.

After hearing reports from the different departments of the organization, the meeting was adjourned for a covered dish luncheon at noon.

The afternoon meeting opened with a piano number by Miss Engle and devotions by Mrs. Haines.

Mrs. Eben Thomas reported on the Lancaster Federation WCTU meeting and John Glenn rendered a vocal solo.

Rev. Norman Newman gave the principal address of the convention and a memorial service was conducted by Mrs. Beryl for Mrs. Tillie Van Gundy, Mrs. John Stark, Mrs. Otis Morrow, Mrs. Glenn Wodmansee and Mrs. Anna Dixon. Mrs. Engle closed the service with a poem.

Zanesville Press Chieftain Is Dead

ZANESVILLE (P)—Orville B. Littel, 62, president and general manager of the Zanesville Publishing Co., and vice president of the Southeastern Ohio Broadcasting System, died in Bethesda Hospital today.

The Zanesville Publishing Co. publishes the Zanesville Signal and the Zanesville Times-Recorder. In addition, the firm operates radio station WHIZX and WHIZ-TV.

He became general manager of the publishing company in 1929, and succeeded his father, the late W. O. Littel, as president in 1941.

Mainly About People

Mrs. Walter Anders, Route 2, is a medical patient in Memorial Hospital. She was admitted Tuesday afternoon.

Mrs. David Wise, of Greenfield, was admitted to Memorial Hospital Tuesday afternoon, for medical treatment.

Mrs. Berdett Stratton, of Greenfield, underwent surgery in Memorial Hospital, Wednesday morning. She was admitted Tuesday afternoon.

Sherman Woodrow, son of Mr. and Mrs. Charles Woodrow, Route 3, entered Memorial Hospital, Tuesday afternoon, for surgery Wednesday morning.

Mrs. Lewis Babb was returned from Memorial Hospital, to her home on the Anderson Road, Tuesday afternoon. She had been a patient for observation and treatment.

Dale Orihood S. N., has returned to his Naval Base, San Diego, California, where he is stationed, after spending a 20 day leave with his parents, Mr. and Mrs. Edward Orihood.

Mrs. Anna Dickerson, rear of 216 West Temple Street, was taken in the Gerstner ambulance to Memorial Hospital, Tuesday evening. She is a patient for observation and treatment.

Blessed Events

Mr. and Mrs. Eldon McBee of Jeffersonville, are the parents of an eight pound, eight ounce daughter, born Wednesday at 9:48 A. M. in Memorial Hospital.

Judge and Mrs. Robert Brubaker 315 North Main Street, are announcing the birth of a daughter, weighing seven pounds, four ounces, in Memorial Hospital, Tuesday, at 9:54 P. M.

No Relief Seen For Heat Wave

At 12:45 P. M. Wednesday the temperature was a blistering 101 with indications that it would climb to at least 102 and possibly higher, for the hottest day of the season to date, and one of the hottest days on record here for many years.

During the night the temperature ranged slowly down through the eighties and seventies. Early Wednesday it stood at 67 degrees.

At 8 A. M. Wednesday the reading was 78 degrees, highest of any day at that time during the present heat wave.

Little relief has been promised for the next day or two, but somewhat cooler weather is still promised for over the week end.

This was the fourth day in a row that the mercury has topped 100 degrees.

4-H Boys and Girls

(Continued from page 1)
and Albert G. Cobb, the associate county agent, were with the Fayette County boys and girls at the Fair to guide them through the program and supervise their presentations.

While there were fewer than a score of participants in the program from Fayette County, there were many, many more 4-H boys and girls there to lend moral support as spectators. Parents of most of them were there, too.

Besides, many of their friends who have other exhibits at the Fair were there also.

Lauram Beard, in the health improvement contest, was one of four chosen to ride on the 4-H club float in the Youth Day parade around the race track in the afternoon.

Shirley Carter and Portia Brown, modeled their own dresses in the style revue and Sue Christopher modeled her complete costume. Sue was selected to appear in her costume on a television program Saturday afternoon.

Beverly Allen put on a nutrition demonstration and Linda Lovell, Jo Davis gave a demonstration of manners and Marilyn Parrett gave a clothing demonstration as part of the comprehensive program in the 4-H club building.

Francis Wilson, Barbara McDonald and Macky McDonald were on the vegetable gardening judging team and Ronald Sears and Eldon Smith put on a tractor demonstration.

Brother and sister, Macky and

Barbara McDonald were in competition with each other as well as other 4-H boys and girls in the livestock show. Macky won second and Barbara third with their big type Poland China hogs.

Gene Gustin, showing in the Future Farmers of America competition, took second with his Hampshire boar. Gene also had several other entries in the FFA swine show and was one of the few selected by the judges to enter the showmanship class.

Lifer Beats Fellow Convict To Death

SAN QUENTIN, Calif., Sept. 2 (P)—A tough 24-year-old lifer beat another convict to death yesterday with a steel bar—apparently in an argument over the breakfast jam.

Warden Harley O. Teets said Ralph Rogers admitted the slaying of James Formby, 25, but said Rogers declined to say why. He quoted the convict as saying his reasons were "personal."

However, prison officers said the fatal beating took place after an argument over the division of jam at breakfast.

Rogers will be tried on murder charges. Conviction means an automatic death penalty.

Bond Issue Set

COLUMBUS (P)—A \$14 million bond issue for building and remodeling Columbus schools will be placed before the voters on election day.

slaughter ewes about steady; few lots good and choice native lambs 17.00-18.00; few prime 19.00-20.00; cul to low-grade grades 13.00-16.00; most culs 8.00-13.00; some light culs down to 6.00; cul to choice slaughter ewes salable 4.0-6.50, mostly 5.50 down.

Grain Markets

CHICAGO — A mixed trend ruled in grains on the Board of Trade today with dealings active. Wheat again moved ahead but corn and soybeans were subjected to additional profit taking. Strength

of wheat was based on light cash grain receipts. Wheat near noon was 1/2 - 1 1/2 higher, September \$1.01 1/2, corn 1/2 - 3/4 lower, September \$1.35 1/2, oats unchanged to 1/4 higher, September 74 1/2, soybeans 1/4 - 1/2 lower, September \$2.50 1/2, and hard 50 to 95 cents a hundred pounds higher, September \$16.40.

CONSERVING WATER

JACKSON—Conserving the water supply is being urged to meet a rapidly dwindling reserve.

THE OHIO STATE GRANGE EXHIBIT (above) that is attracting so much attention at the Ohio State Fair this year was put up by Fayette County's Good Hope Grange. The Good Hope Grange won the honor of putting up the State Grange exhibit this year when it was awarded first place among the county Grange exhibits at the State Fair last year. With the honor also went a \$115 cash award. On the committee to make the State Grange exhibit were Mr. and Mrs. Wilbur Hoppes, Mr. and Mrs. Virgil Garinger, Mr. and Mrs. Tom Braden, Mr. and Mrs. Harry Rains and Mr. and Mrs. Orville Weidinger. They also received some help from members of the other Granges in the county, but it was the project of the Good Hope Grange. It took three committee meetings to plan the exhibit and it was given the OK of the state Grange officers before it was put up. The committee spent two days setting it up; members of the committee said they enjoyed the state Grange officers before it was put up. The exhibit carries out this year's Grange theme of "Use the Fraternal Torch and Service Key To Find the Pot of Gold in '53" with a huge three tier birthday cake, symbolic of the 80th anniversary of the State Grange. The base layer of the cake represents "fidelity, charity and perseverance," the second layer "hope" and the top layer "faith." The 31 candles on the cake are symbolic of the accomplishments of the State Grange; the three on the top stand for "juvenile work, legislation and service." The picture on the wall is of State Master Byron Frederick. (photo by Bob McNemar, Wilmington News Journal)

Soap Box Car Races Held by Group of Boys

The grown-ups have their stock car races, but the youngsters have their soap box car races. And the kids have more fun than any body.

A group of boys, mostly in East-side, have been busy for several weeks building their own racing cars. They are mounted on chassis of odds and ends of wheels that they have been able to find and are powered with human engines the boys graphically call "pushers."

Lacking hills with grades of any considerable degree, the "pushers" take on added significance, for they provide the power and endurance as well as the speed.

The soap box racing cars are of all shapes and sizes and are the products of some rather unique engineering. Some are even painted and numbered. But, no matter what they look like, their owners are proud of them for they represent many hours of patient work.

The boys assemble on Willard Street on Tuesday afternoons for their race program that starts at 1:30 o'clock. The races begin with time trials. Then come the elimination races and wind up with the feature event.

THERE IS AN entry fee for only the feature race. It is 10 cents a car. The winner receives a purse of 50 cents, the second place car 20 cents and the third place a dime.

The owners, drivers and pushers work out their own system for dividing the prize.

The boys even have their own publicity department in the person of Ronnie Whitaker. After Tuesday's races, Ronnie handed a "release" on the entries and results to the Record-Herald.

The entries were:

Owner, Bill Gardner; driver, Jack Evans and pusher, Ron Johns.

Owner, Sheryl Elliot; driver, Marvin Lucas and pusher, Sheryl Elliot.

Owner, Sheryl Elliot; driver, Jerry Powell and pusher, Dumpy Evans.

Owner, Sheryl Elliot; driver, Roger Schorr and pusher, Gilbert Thomas.

Owner, Tom Rodenfels; drivers, Emmet Sylvester and Tom Rodenfels and pusher Ron Kinsley.

Owner, Bill Gardner; driver, Bill Gardner and pusher, Jack Penwell.

Owner, Noah Wilson; driver, Noah Wilson and pusher, Roger DeWees.

Owner, Norman Chaney; driver, John Cunningham and pusher Norman Chaney.

RESULTS of first race: First, Rodenfels; second, Chaney; third, Lucas and fourth, Backenstoe.

Time of race 14 seconds. In this race one of Sheryl Elliot's cars was wrecked when it went out of control and another driver was disqualified for bumping another racer.

Second Race: First, Rodenfels; second, Chaney; third, DeWees and fourth, Bill Gardner. Time of race 12 seconds.

Third Race: First, Wilson and second, Elliot. The other two cars in this race were wrecked and did not finish. Time was 13 seconds.

Feature Race: First, Rodenfels; second, Wilson; third, Chaney; fourth, Backenstoe; fifth, Gardner and sixth, Elliot. Time 11 seconds. No mishaps.

The next race will be held next Tuesday at 1:30 P. M. on the Willard Street hill. The Washington C. H. police department cooperated with the youngsters and blocked off that section of Willard Street from Lincoln Drive to Florence Street.

Tuberculosis of the bone in man usually is caused by eating infected dairy products.

Washington C. H. Man Is On Duty in Japan

WITH THE 1ST CAVALRY DIVISION IN JAPAN—Pvt. Jim A. Emrick, 20, son of Mr. and Mrs. Raymond Emrick, 115 East Paint Street, Washington C. H., recently arrived in Japan where he will undergo an intensive amphibious warfare training program with the 1st Cavalry Division on Hokkaido.

The first American division in Tokyo at the close of World War II, the 1st Cavalry Division remained on occupation duty in Japan until the beginning of the Korean conflict. The "First Team"

made an amphibious landing on the peninsula and saw 17 months of grueling combat before it was returned to Japan late in 1951 for duty as a security force.

A former employee of the Med-O-Pure Dairy, Pvt. Emrick entered the army last November and completed basic training at Camp Gordon, Ga.

John Cannon Heads State Ag Display

John Cannon of Paint Township, is superintendent of the big agricultural building and displays at the Ohio State Fair and he is being assisted by Orlyn Kelley of Washington C. H.

Cannon takes the place of his brother, Robert, who died since the last state fair. He had held the important post of superintendent for a number of years.

Kelley has been assistant superintendent for several years and the big show has moved along satisfactorily under the guidance of the two men.

Post Office Will Observe Holiday

September 7, Labor Day, will be observed as a holiday by the Post Office Department.

As usual on holidays, there will be no window service at the Post Office but the lobby will be open from 6:00 A. M. until 6:00 P. M. No regular delivery of mail will be made on city or rural routes but special delivery matter will receive attention.

Incoming mail will be worked to

ITCH

Truly wonderful preparations. Try them today or today. "Sold in Washington C. H. by Risch, Downtown, Havers, Hall and Gillen Drug Stores; or your hometown drug gist."

post office boxes only, and outgoing mail will be given the earliest possible dispatch.

He Got Cooler

FREMONT —Robert M. Marshall, 39, found a way to beat the heat today. First he went into a grocery store's beer cooling vault, where police arrested him. Then he sat in the city cooler, on a breaking and entering charge.

You Can Cool Off Up In Airliner

NEW YORK —Capt. Cy Gates, Trans-World Airlines pilot, today suggested heat sufferers might go up—20,000 feet above Cleveland. The thermometer outside his

plane registered a cool 10 below zero over the Ohio city, he said as he landed at Idlewild Airport.

It was about 74 degrees on the ground at Cleveland at the time.

The eyes of a baby at birth are about two-thirds as large as they will be at the age of 8, or 9.

The Future of Our City's Water Resources

The question of an adequate water supply for Washington C. H., should become a matter for intensive study, by our city officials as well as the water company, not in future years, but now.

This subject has been opened up by the report of consulting engineers engaged by the Ohio Water Service Company to make a survey of water supply possibilities for the city of Washington C. H.

The engineers' report has been made available to the city with recommendations that an upground storage reservoir be constructed with a capacity of 180 million gallons, with filtering equipment to be purchased for treatment of water from Paint Creek, when it is freely flowing. This today appears to be the only positive answer to our greatest community problem today.

Our city officials should examine all phases of this water question and there should be no hasty conclusion reached. In their study, a careful, fair, factual and unbiased exploration of the possibilities of a municipally owned water plant should be included.

Water is the most vitally important thing necessary in the material life of any community. Our need for a more adequate supply long has been apparent to anyone who has given the situation any thought.

The obtaining of a plentiful supply should not be allowed to drag into long years of the future without decisive action. Delay thus far has been much too long.

The sudden outbreak of a serious fire

could very easily empty all storage tanks as well as deplete the underground supply, now the only source of water. Far sighted vision, sincerity and honesty of purpose in an inquiry into this question should begin at once, to determine what is best, most efficient, beneficial and economical in long range view, for the city, its water consumers and taxpayers.

Meantime the water company indicates that it plans for some further exploratory work in seeking underground water through wells. Although this might develop some additional supply there is no assurance of obtaining anything near adequate enough for the future.

This effort on the water company's part however, is one reason for the city to take sufficient time to go into the entire water matter with a thoroughness that gives promise of some constructive recommendation for a solution.

Spending High

Of some concern to the thoughtful is a report by the Department of Commerce showing business inventories reached a record high of \$77.6 billion as of July 1st, an increase of \$2.8 billion in six months, with the June increase alone running \$700 million. Consumer installment debt stood at \$20.5 billion July 1st, an increase of \$4.5 billion over a year ago. Incidentally, government spending during the last three months ran at the rate of \$83.5 billion a year.

September Is Like Near Beer

By Hal Boyle

NEW YORK (P)—Here it is September and all it rates from most of us is a big fat yawn.

For in the great house of the year September is one of the least interesting rooms. In fact it is less of a separate room than it is a drab corridor between two pleasant places.

September is like near beer. It has the name but lacks a famous flavor. It is near-summer, near-fall, and yet is neither. It is like a fellow who tries to be popular by imitating two other people, and thus becomes nobody.

How can September ever have an identity of its own, half of the time essaying the cloying warmth of August, then weakly attempting to copy the robust appeal of October?

If months were named for diseases, September would be called "30-day schizophrenia," or "the season with the split personality." It is the elderly adolescent of the calendar, forever teetering between the dog days and autumn, forever unable to make up its own mind or its own weather.

Just what good is September, if it were put on trial, who could say in its defense?

It generally has enough hot days to provoke the warm weather

conversations to croak:

"They say it ain't really the heat; it's the humidity."

These people then hibernate silently until the first snowfall, when they emerge and ask, "cold enough for you?"

But if you gamble on going to the beach to put a last polish on your suntan, September is just as likely to slap you in the face with a hurricane.

September is uncertain unpredictable. It is in reverse with wrinkles under the eyes—like a middle-aged actress trying to play the role of a young girl again in an out-of-date melodrama.

The trouble with September is that she reflects her indecision into us. She brings a kind of reverse spring fever. On warm days we sluggishly think how nice it would be to have a second vacation. But the cool days she brings aren't crisp enough yet to stir our moping minds to vast new dreams.

September is a full in living, a cocoon time for boss and hired hand. It is an interlude in which to tie up the loose ends of summer, pay old bills, get the kids off to school again, a last pause of the blood before the vigorous pulsing days ahead.

By Hal Boyle

If you put September on the witness stand in its own behalf, it would say something like this:

"You can't have action on the stage all the time, or the audience would wear out. And everybody in the theater can't be a star, either."

"It isn't my fault I am only one of the year's scene shifters. My job is to get the summer scenery started moving off the stage, and the next scenery moving on. I have to notify the leaves it is time to change costume and give the robins their cue to scam."

"I just got a million things like that to do. All I can promise you is that if you'll just stick around, the next act will be better. Meanwhile, why don't you rest your eyeballs and wait for the show, instead of bawling out the stagehand?"

There's no doubt September has a point, even though, as months go, it's as dull to most of us as a corset ad is to a Shetland pony.

But it has one priceless virtue. It brings a magic change to every restaurant menu. The first of September may often bore mankind. But it draws our old pal, the oyster, from his shell. He's in a real stew from now on.

Inside Story of Rothschild Case

By George Sokolsky

When one reads the transcript of the record in the case of Edward M. Rothschild, a book-binder in the Government Printing Office, the data presents itself differently from the more condensed news reports. This is naturally so, for the record is long, the questioning complex, and only a second view of it can bring out the details and overtones of testimony.

It would seem that this is a case which requires study by the department of Justice because what is involved is access to precisely such information and data as resulted in the theft of the atom and hydrogen bombs. We do not yet know the entire story of this espionage and we shall not until a thorough investigation has been made of the security methods of the Atomic Energy Commission.

We do know that from 1942 to 1947, the crucial year the FBI was forbidden to engage in this field; that employees of the Atomic Energy Commission were not screened by the FBI which contains the most complete files on subversives, including fingerprints and cumulating records. From the results, it would appear that no adequate screening took place and that that is the reason why Klaus Fuchs, Gold, Greenglass, Sobell, etc. could commit their crimes unimpeded.

In the case of Rothschild, the testimony is that he stole secret documents. In the McCarthy hearings this was brought out:

"The Chairman: We have testimony to the effect that you stole secret documents from the

Government Printing Office, among other things that you stole a secret code and took it from the GPO. What is your answer to that?"

"Mr. Rothschild: Under the Fifth Amendment I still refuse to answer that question on the grounds it would tend to incriminate me."

Now, while Rothschild enjoys the constitutional right to refuse to answer a question which he believes will incriminate him, he already knew that there was testimony from the Navy that matter involving the atom bomb had been sent to the Government Printing Office. Under such circumstances, one would imagine that Rothschild would cry out in his defense:

"That is a damned lie!"

But he did nothing of the sort. Instead, this is how he handled it:

"The Chairman: Did you ever steal a secret code from the Government Printing Office?"

"Mr. Rothschild: I refuse to answer that question, Sir, on the same grounds. (Fifth Amendment)"

Here is a man who has been charged by 40 persons, according to FBI records, with "espionage against the United States in time of war, stealing secrets, stealing a code, being a member of the Communist party." He is entitled to his day in court. He should be given his day in court. But that is up to Attorney General Brownell.

If the charges are false, Rothschild should be exonerated, but he should not be permitted to get off because of the fear that this might be another Alger Hiss case and disclose negligence on the part of high officials.

In fact, Senator McCarthy, in the interrogation of Mrs. Rothschild, said to her:

"...Your husband has been accused of stealing material from the Government Printing Office, secret material which would be of great benefit to the enemy. He has been accused of stealing a code book, for example. We assume that he did not steal that to entertain himself at night reading it. He stole it obviously for a purpose. It was done dur-

ing war. The Navy officers who have testified, have testified that if the atomic material which they sent over to the Government Printing Office got in the hands of the enemy, it could do tremendous damage to this nation, one of the most serious charges I think ever made before this committee by a sizeable number of witnesses."

Mrs. Rothschild refused to answer any questions, taking advantage of the Fifth Amendment. In the testimony, it was brought out clearly that the FBI had reported the Government Printing Office as early as 1943 about Rothschild; that its report had been ignored; that as late as July of this year, Rothschild had, in effect, been cleared by the GPO security officers on the ground that the FBI, having once reported to them that about 40 witnesses had made charges against him, it, the FBI, had provided no new and additional data.

Is it surprising that the Russians got away with the secrets of the atomic and hydrogen bombs? Copyright 1951 King Features Syndicate, Inc.)

Diet and Health New Hormone Offers Nephrosis Relief

By HERMAN N. BUNDESEN

One of the dreaded diseases of childhood is nephrosis. This kidney affliction causes swelling of the body and brings great discomfort.

Nephrosis usually begins with swelling over the eyes. The child's weight may be doubled by the excess fluid. When the skin is pressed, there is an indentation mark for a few seconds due to the water-logging of the tissues.

Great Protein Loss

Little urine is passed by these children and with what little is given off, there is a great loss of the protein substances that are so necessary to the body. This protein loss allows the serum to escape from the blood vessels into the tissues and thereby causes the swelling.

Most often this disease starts with an infection of the throat and is believed to be due to some form of allergy which affects the kidney. However, in a certain number of cases, no cause can be found. The disease may last for months and even years.

In the treatment under the physician's direction, most of

these cases are put to bed in a hospital and watched very carefully. Often, the antibiotics are helpful in treating this disease. The children affected are put on a diet low in salt and sodium and high in proteins.

Relief With ACTH

Recently, the new hormone ACTH was used on a group of these children. It was found that this treatment, although not altogether curative, did relieve the symptoms. The swelling was completely eliminated in sixty eight percent of a group of forty five children having nephrosis. It began to disappear after the eighth to twelfth day of the treatment.

All the symptoms, both subjective and objective, finally cleared up with this treatment, and it is now being used in many cases of nephrosis.

QUESTION AND ANSWER

F.S.: My son recently cut him self. He now has an extremely large scar, what the doctor calls a keloid. What can help this?

Answer: Usually a keloid can be helped by local radium or X-ray treatments.

Ike Plans Economic Intelligence

By Ray Tucker

WASHINGTON, Sept. 2 — "What's good for business is good for the United States!"

This paraphrase of Defense Secretary Charles E. Wilson's reference to the intimate relationship between national and General Motors prosperity lies behind the Eisenhower Administration's plan to organize a new kind of economic intelligence system, based on periodical reports to the White House by key business-men and industrialists.

Wilson was not indulging in smugness, selfishness or cynicism with this remark before the Senate Armed Services Committee, although he was severely assailed on that ground. With G. M. spending hundreds of millions annually for labor, raw materials and finished products, the secretary of defense was simply uttering an economic truism.

MISUNDERSTOOD—The withdrawal of General Motors from the market as consumer and producer would be a severe blow to Detroit and to hundreds of communities throughout the nation. It would reduce federal revenues by many billions over a long period. And Wilson, as he has since explained, had in mind the contributions which all industry and business make to the general welfare, not simply his own firm's role.

It is not too widely appreciated, but if any single principle animates the Eisenhower Administration, differentiating it from the Roosevelt and Truman regimes, it is this misunderstanding: outburst by the automobile engineer and executive.

The belated grasp of Wilson's broader meaning may explain why there has been almost no criticism of the Administration's latest proposal to rely on the advice and cooperation of private enterprise interests in framing major policies. The lack of complaint indicates that American

business and industry, by the public as well as by the politicians, have been released from a 20-year-old doghouse.

SERVICE—The inspiration for the new intelligence service came from Walter Williams of Seattle, under secretary of commerce, and he has been transferred to the White House to set it up. He saw the need for improvement in this field when he headed the Committee for Economic Development, a group of progressively minded businessmen, with offices in the Commerce Department here.

He then discovered that CED reports on general conditions were more prompt and informative than statistical data assembled by federal agencies — Commerce, Labor, the Federal Reserve, Treasury, Etc. When the government's material reached Washington three months later, it was of value only to historians and college professors, not to private or public managers of the nation's economy.

IKE'S METHODS — From his contacts as head of the National Citizens Committee for Eisenhower in the 1952 campaign, Williams was able to confirm his earlier impressions. He had no difficulty in selling the plan to the President. As our top commander in Europe, Ike kept in touch with his field staff by telephone instead of dispatches frequently delayed in transmission.

With the government virtually underwriting business activity by its vast expenditures, it has a great responsibility for checking on the effect of its intervention.

It needs "prompt and objective" reports on important trends: a drop in orders, sales, inventories, collections; bottlenecks in production or distribution; price

changes in raw materials and consumer goods; increases or decreases in wages and employment; movements of exports and imports. And it needs this news before it goes stale in order to apply immediate remedies.

EXPERIMENT — The Eisenhower-Williams program is not an entirely new experiment. F. D. R. and Truman tried to keep in touch with conditions through other than federal channels. But there will be an all-important difference in the reporting personnel.

In the New Deal-Fair Deal era, the economic scouts consisted of men like Henry A. Wallace, Henry Morgenthau, Leon Henderson, Harry Hopkins, Leon H. Keyserling, and regional political leaders. Their usual prescription for all economic ills was to spend more of the taxpayers' money.

Russians Query American POWs

FREEDOM VILLAGE (P)—Four American fliers returned here yesterday told of being questioned by Russians and of other airmen taken to Manchuria for questioning by Soviet military experts.

The airmen included Lt. Loris R. Miller, 27, of Berlin, Ohio, who told of seeing an enlisted man made to kneel on two bricks with a stick placed behind his knees.

"They forced him to lean back and then put a stick behind his arms. They beat him with clubs and fists and then made him remain there for several hours."

"He was accused of being happy at the sight of F84s which had strafed the area."

Good Program Is Enjoyed By Rotarians Here

Miss Mary Quinn Presents Clever Musical Signatures

A charming young woman, Miss Mary Quinn, bubbling with personality, offered to Rotarians and guests one of the best programs the club has enjoyed in many a week, at the luncheon at the Country Club Tuesday.

Miss Quinn, a resident of Cleveland, is a member of the public relations staff of the Ohio Bell Telephone Company and the character of her program was entertaining and quite unique.

Introduced by Paul Dougherty, she presented what she termed "musical signatures" with the aid of a combination recording machine and phonographic attachment. She told of the musical signatures of various artist members of the Ohio Bell Telephone Orchestra and reproduced these sound signatures for the benefit of her audience.

THE SPEAKER then tied all this in with a very interesting talk on the importance of sound development in connection with the telephone business which was, she declared, largely concerned with reproduction and transmission of sound. She explained briefly how musical programs originating in one place, are carried to far distant points by telephone wires and of the vast research and mechanical procedures necessary to have brought this about.

Using large photographs of artists in the telephone orchestra she introduced, by the recording device, nine of these musicians and their signatures with a few interesting words of explanation about each.

In this way her audience heard the signatures and some brief melodies from the following:

Violin—Tosha Samaroff; Cello—Lucien Schmit; Flute—Eddie Powell; Oboe—Robert Bloom; Clarinet—Chester Hazlett; Bassoon—Benjamin Kohan; French Horn—Andrew Feretti; Tuba—Fredrick Pfaff.

MISS QUINN MADE the comment that research by telephone

Young Thugs Beat New Holland Men

Frank Eugene Darling, 20, Mt. Sterling, who, with two juveniles, beat up two men in New Holland early Sunday, apparently without any reason, was fined \$50 and costs and given 10 days in jail when he was arraigned before Mayor Speakman in New Holland.

The two men beaten up were

companies is headed toward the goal of being able to have telephone customers dial their own long distance calls. She intimated that success of this planning probably was not too far distant.

President Joseph Peters, cordially thanked Miss Quinn for her appearance before the club and for a very pleasing program.

During the pre-program activities of the club, birthday greetings were sung for Dr. James E. Rose.

President Peters announced that on the evening of Wednesday, September 9 the club assembly would be held at the Anderson Drive-In restaurant at 6:30. The assembly consists of all club committee chairmen.

Guests at Tuesday's club luncheon program were Rotarian William Thompson of Greengfield; Mark and Ronald Radcliff of Cheney, Washington, guests of Ralph Penn; John Rhoad, guest of his father, C. E. Rhoad.

Paul Orihood, New Holland, and Robert Maag, of Washington C. H.

Both men were attacked without apparent reason, and the trio of attackers then drove away.

However, the number of their car was taken and all were rounded up. Names of the two juveniles was not announced out of Chilli-cothe.

The two younger boys were turned over to the Pickaway County juvenile court for action.

Fayette Girl Wins In Junior Classes

Nancy Stephenson, daughter of Mr. and Mrs. Gerald Stephenson, of the Circleville Road, is very happy by reason of her winnings in the Hobby Show, Junior Division of the Ohio State Fair.

She won first prize and a trophy for her spatter prints; fourth in three articles made from feed sacks, and eighth in party favors and eighth in handbags.

She goes up to the Fair Thursday to pose with other winners for an official picture.

To win it was necessary to have real talent, which was reflected in the winning articles.

El Salvador is the smallest country in the Western Hemisphere.

Fayette Again Top Winner in State Corn Show

Sweepstakes of Show Go To Willard Kirk Of Jeffersonville

Fayette County corn again carried off the lion's share of the awards in the Ohio State Fair corn show.

Paul Smith, a Fayette Countian, was judge of the entire show, including the small grains. He started his work Friday morning, and keeping at it through Sunday, placed the last awards Monday morning.

Willard Kirk of Jefferson Township, carried off sweepstakes in the corn show with the 10 ears and 60 ears of U. S. P3. William Ledwell had the sweepstakes single ear with Kirk a close second.

Following is a list of winners in the various classes in the corn and grain show by Fayette Countians:

Class 6026, U. S. 13, 1st, 2nd and 3rd, Kirk; class 6027, any other variety of yellow, 1st, John Cannon and Son; third, Kirk.

Class 6028, late yellow, 1st and 3rd, Kirk; class 6029, open early pollinated, 1st, Kirk; class 6030, open pollinated, 1st, 2nd and 3rd, Kirk.

Class 6090, largest sunflower head, 1st, Corwin Carr; class 6093, 60 ears, 3rd, Kirk; class 6094, 60 ears, 2nd, Kirk, 3rd, J. C. Cannon; class 6095, 60 ears, 1st, Corwin Carr; class 6096, 60 ears, 1st and 2nd, Kirk; class 6097, 60 ears, 1st and 3rd, Kirk; 2nd, Carr.

Class 6098, 60 ears, 2nd and 3rd, Kirk; class 6099, 60 ears, 2nd, Kirk; class 6100, 60 ears, 1st and 2nd, Kirk; class 6101, 60 ears, 1st, Kirk; 2nd, John Cannon; class 6102, peak shelled corn, 1st, John Cannon; 3rd, Corwin Carr; class 611, single ear, yellow, 2nd, Kirk; 3rd, Carson; class 6112, 3rd, Kirk; class 6113, single ear, colored, 1st and 3rd, Kirk.

Early hybrid, 10 ears, 2nd and 3rd, Kirk; late hybrid, 2nd and 3rd, Kirk; 10 ears, late colored corn, 1st, Kirk; 10 ears calico, 2nd, Kirk; 3rd, Corwin Carr; dry sweet corn, 3rd, Corwin Carr. Carr also won first in another class of sweet corn, 2nd in another and 2nd and 3rd in still another class.

Display of six varieties of yellow field corn, 1st, John C. Cannon; display of white field corn, 3rd, Kirk; display of colored field corn, 1st, Kirk.

26 heads of sorghum, 2nd, Kirk.

WF 9 Hy shelled seed, 1st and 2nd, J. C. Cannon and Sons; WF 9-3811, shelled seed, 1st and 3rd, Elba Carson and Sons; 2nd, John C. Cannon and Sons.

Any other shelled seed, 1st and 2nd, John C. Cannon and Sons; Sweepstakes shelled seed, John C. Cannon and Sons, who also carried off reserve in the same class.

Reserve sweepstakes, 10 ears, John C. Cannon and Sons.

Heat Kills Youth

PEEKSKILL, N. Y. (P)—A high school football player collapsed and died today while practicing in 100-degree heat. Charles Blythe, 18, was jogging around a track with teammates when he keeled over.

New WHS Students To Meet Thursday

All new students in grades 8 through 12 will hold a pre-school session in room 116 of Washington C. H. High School at 10 A. M. Thursday.

These students will be briefed in school regulations, shown the location of their home rooms and other classrooms as they tour the building, and be given a copy of the new handbook for students developed this summer, Prin. E. Wayne Titus said.

Some members of the high school faculty will be present to assist in the program of induction and to answer questions of the new students.

Greater attention can be paid to the needs of these students who have not previously been enrolled

The Record-Herald Wed., Sept. 2, 1953 5

Washington C. H. High School meeting place for them.

Regular classes begin on Wednesday, Sept. 9, for all students.

The orientation meeting for students who will enter the high school—grades 8 through 12—for the first time this fall is to be held the day after a similar meeting for the new seventh graders.

Regional Softball Tourney Opens Here on Friday Night

Softball fans are looking forward to Friday when another major softball tournament begins here in Washington, C. H., the current "Softball Capital of Ohio."

Eight championship men's teams will compete here for the east-central regional title of the Amateur Softball Association of America. The winner will be eligible to compete in the world championship tournament at Miami, Fla., later this month.

State champions from Ohio, Michigan, West Virginia; city champs from Detroit, Cleveland, Pittsburgh, Cincinnati and the host team, the Washington C. H. Woodmen, make up the entry list for the men's tournament.

Opening games will be Friday night and there will be afternoon and night sessions on Saturday and Sunday. The finals are to be Monday evening.

Recalling the high calibre of softball displayed here during the girls four-state regional, fans in Washington C. H. and the surrounding area are counting on seeing the best possible softball during the four-day tournament.

Although fans were expecting the girls teams to provide some good ball games, they were not expecting the outstanding offensive and

defensive play which they showed during their tournament.

THE MEN'S tournament is expected to bring softball teams of an even higher class than the girls since there are so many more men's teams in competition. By the time the teams reach the regional tournament here at Wilson Field, they will have either won their metropolitan championship or have come up through city, district and state tournaments in order to qualify for play in the regional contests.

Two World Records Set By Fillies

DU QUOIN, Ill. (P)—Two world records were broken and another tied here yesterday as the Du Quoin State Fair track at the Grand Circuit harness races.

Earl's Song, owned by Castleton Farms of Lexington, Ky., broke the record for 3-year-old trotting fillies by stepping the first heat of the Gainsway Farms Stake in 2:00 and the second in 2:01. The combined time of 4:01 broke the mark of 4:01 1/4 made by Hanover's Bertha in 1930.

The first heat mark of 2:00 tied the mile mark also set by Hanover's Bertha in 1930. Wayne Smart was the driver.

Countess Vivian set a new world mark in the Poplar Hill Farm Stake for 3-year-old pacing fillies by taking the first heat in 1:59. Delvin Miller was behind Countess Vivian. The old record of 2:00 2/5 was held by Tassel Hanover.

THE COUNTESS came right back in the second heat to win in 2:00 flat. The good pacing filly Pleasant Surprise, owned by McKinley Kirk of Washington C. H., and the Valley Brothers was second in both heats. Kirk was at the reins.

It was just a week ago at the Illinois State Fair that the Kirk and Valley owned filly scored a two-heat victory over Countess Vivian. Both fillies are eligible to the Little Brown Jug for three-year-old pacers to be raced at the Delaware County Fair on Thursday, September 24.

Marine Leading Rifle Marksmen

CAMP PERRY (P)—A San Diego Marine and a Dayton shooter were leading today in the national high-power rifle championships. M. Sgt. Maxim R. Bebee, the California Marine, scored 98 out of a possible 100 yesterday to win the Navy cup and take the front position in the service rifle division. Shooting in the latter event continued today.

F. M. Sawyer of Dayton was nosed out by Bebee for the Navy cup, but was leading with 98 out of 100 in the sporting rifle division. Other leaders: Junior race, Richard Roberts of Toledo, 94 out of 100; women's race, Mrs. Alice Bull of Seattle, Wash., 95 out of 100.

Under the direction of Max Lawrence, tournament manager, plans are being made to put Wilson Field in the best possible shape for the tournament play. And if the turnouts at the girls regional are any indication, a capacity crowd should be on hand each night of the tournament to watch the battle for the regional championship. Exact lineup of the participating teams is not available as some of the state tournaments will not wind up until tonight.

OHIO'S TOURNAMENT is being held at Hamilton with the finals scheduled for this evening. Of the 16 teams entered in the state tourney, almost half of them were teams who participated in the men's state tournament here last year. Washington C. H. got into "big time" softball in 1951 when the men's state tournament was held here for the first time. It was so successful, and the softball team members were made to feel so welcome, that the tournament was returned to Washington C. H. again in 1952. That marked the first time that the state contests were held in the same city for two years in a row.

Success of those two state tournaments was a big factor in the decision to bid for the four-state regional tournaments and much to everyone's surprise both tournaments were awarded to Washington C. H. This is also another first for the city in that it is the smallest in which the regional tournaments have ever been held.

Toledo, Columbus Set For Finale

HAMILTON (P)—Toledo, beaten last night, 6-4, by Columbus, meets the capital city team again tonight for the Ohio amateur softball championship.

If Toledo wins the game, another will decide the title in the double-elimination tournament. The championship advances to the regional tournament in Washington C. H.

The match tonight shapes up as a close one. It took unbeaten Columbus 11 innings to polish off the Lucas County boys last night.

1 1/2 Million Vets Guided To Jobs

WASHINGTON (P)—Over 1 1/2 million veterans were placed in jobs through the federal-state public employment service during the year prior to June 30.

In announcing this today, the Labor Department said the figure represents an increase of 96,000 over the previous year. More than 150,000 of the job placements were for Korean veterans.

The department said the increase in veterans' job placements was primarily due to favorable job opportunities, the expanding rate at which Korean veterans were discharged and special job finding services offered by local public employment offices.

"IT'S SO EASY TO PLACE A WANT AD."

Atlanta Golfer Leads Amateur Test Qualifier

NEW YORK (P)—Gene Dahlbender Jr., a 29-year-old shotmaker from Atlanta, had one big golfing ambition this year—to qualify for the National Amateur.

He not only qualified, but he led the entire country by firing a fancy 6-under-par 68-68-136 yesterday on the 6,604-yard East Lake Country Club course near home.

Thus, Dahlbender, who passed up the Georgia Open this year to be sharp for the National Amateur, looms as a major threat to the 23 sharpshooters who were not required to qualify for the event, scheduled to be held at the Oklahoma City Golf and Country Club Sept. 14-19.

Seven Ohioans and a Kentuckian whose golf game was as hot as the weather also qualified.

A quartet of swingers was selected in Cincinnati and another foursome in Cleveland.

Gay Brewer Jr., 21-year-old Lexington, Ky., had a sparkling 71-69-144, even par, to lead the Cincinnati section. In the Cleveland qualifier, Ohio amateur kingpin Arnold Palmer of Cleveland won with a 77-70-147.

Another Buckeye, ex-Ohio State star Tom Nieporte of Cincinnati made the tournament shooting in the Chicago qualifier. He had a 70-82-152.

Redlegs Facing Pair With Giants

NEW YORK (P)—If the sixth-place Cincinnati Redlegs hope to move up a notch in the National League standings, they should sweep two games today from the New York Giants.

Leo Durocher's Giants are five full frames ahead of the Cincinnati club Redleg victories would cut that to three.

The Redlegs return to Crosley Field Friday for a twilight doubleheader against the Chicago Cubs. Then both teams move on to the Windy City for a three-game series over the weekend.

Colonels Nearer Leading Toledo

By The Associated Press
Louisville's Colonels climbed to within one-half game of the American Association - leading Toledo Sox last night with a 5-2 win over Minneapolis.

Ken Holcombe went all the way for the pitching victory, hurling a five-hitter.

In other games, Kansas City beat St. Paul 4-3, and Indianapolis won a doubleheader from Columbus, 3-2 and 3-0. League-leading Toledo and Charleston were idle.

Rosen, Zernial Matching Homers

CLEVELAND (P)—Husky Al Rosen of the Cleveland Indians and Gus Zernial of Philadelphia put their home run battle on a face-to-face basis tonight when the Tribe opens a two-game series against the Athletics.

Rosen smashed his 36th homer while the Indians were beating the Boston Red Sox, 13-3, yesterday, and Zernial his 36th and 37th the same day in Detroit to pass Rosen and lead the league.

Quakers Expect 33 Gridders Out

WILMINGTON (P)—Coach Fred Raizk expects 18 lettermen and 15 freshmen for his first full-time football practice session tomorrow at Wilmington College.

The Quakers lost seven and won one last season.

"We'll either have the makings of a football team at the end of the week or we'll have nobody," Raizk commented.

Final Lineup For Net Meet Now Forming

FOREST HILLS, N. Y. (P)—If everything goes according to form, by sunset tonight this will be the lineup in the men's singles division of the National Tennis Championships.

Nine Americans, Four Australians, Two Danes, One Swede.

That totals 16, the number to which the men's field will be reduced after the fifth day of action at the West Side Tennis Club. It also means the tournament won't get started until tomorrow.

It looks like a breeze into the fourth round for the seeded favorites, who so far have lost only two of their original number.

The top-ranked domestic choice, Wimbledon champion Vic Seixas of Philadelphia, plays Grant Golden of Wilmette, Ill., 15th ranked nationally. His Davis Cup teammate, Tony Trabert of Cincinnati, seeded

No. 2, has a date with Seth Peterson Jr. of San Francisco.

Defending champion Maureen Connolly and former champion Mrs. Margaret Osborne du Pont, on a comeback, continued to advance in the women's division towards a possible semifinal meeting. Miss Connolly won over Pat Stewart of Indianapolis 6-3, 6-1. Mrs. Du Pont put out Belmar Gunderson of Lexington, Va., 6-0, 6-1.

Buck Halfback Out With Injury

COLUMBUS (P)—Ohio State University's football team started practice today without Jerry Harkrader of Middletown, highly-touted halfback.

The 180-pound sophomore was a sure bet for the starting left halfback job. He reported yesterday with a knee injury, and team physicians decided to keep him from all contact work for two weeks.

Harkrader's knee was injured in the spring intrasquad game. It was reinjured last week when he worked out with the Middletown High School team.

NOTICE

TOYLAND

Dear Folks:

Our toyland and Christmas gift department will be a joy to all of you. Our buyers have spent hours personally in Chicago and elsewhere seeing and picking out items that are of the latest designs and mostly new items and items of genuine quality. We are starting now to build the toyland. It will take days. But this is your hint. That you are going to have a Christmas Store in Washington. Just wait and see.

Wilson's Hdwe.

LEGAL NOTICE

The names of persons to serve as grand and petit jurors for the October term 1953 of the Court of Common Pleas, Fayette County, Ohio, will be drawn on Wednesday, September 16, 1953, at 3:00 o'clock P. M., R. S. T., at the office of the undersigned in the Court House.

Thomas H. Mark
Paul Maughmer
Commissioners of Jurors

THE Camera COLUMN

... by Charlie Pensyl

A famous photographer said recently in a magazine article, "The average amateur photographer knows too much about his camera and too little about making pictures." Then he added, "Most photographers recognize a good picture when they see it, but only a few can explain why they like it."

These blunt remarks point out a common fault: with all the emphasis on camera operation and technique, too little is given to the image that will be recorded on film. And the picture, not camera operation, is the end result of all photography. It's good to know your camera. Learn its operation so well that it becomes as automatic as walking; then give all your attention to making good pictures.

Here's where a lot of us bump our heads . . . What is a good picture? What makes one picture grab our eyes, while we pass over another picture without a second glance? One photo magazine editor uses this formula: he says a picture must have (1) visual impact; (2) information for the reader; (3) motivation; (4) mass appeal.

How are all these elements incorporated into a picture? We'll talk about each of them in the next few columns. Stop in for a supply of film to experiment with, and bring the rolls in for expert, 24-hour developing. We'll talk over the prints with you at PENNSY CAMERA SHOP, 231 E. Court St. Phone 9851.

Dog Permit Sale Ordered Stopped

HAGERSTOWN, Md. (AP)—Washington County constables have been ordered by the Board of County Commissioners to stop selling dog licenses.

From now on they're to arrest any dog owners whose dogs don't have tags.

The commissioners said something had to be done about some 2,000 dogs running around the county.

DAILY CRYPTOQUOTE—Here's how to work it:

A K Y D L B A A X R

Is LONG FELLOW

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

A Cryptogram Quotation

K G K M I Y U G S U G H W H G M I U A C P
I U H T O P U I U G C A P U I, U G H W H G M I U
A C P N T L I M C S E T K - U T T S.

Yesterday's Cryptogram: FOR THE RUM-TUM-TUM OF THE MILITARY DRUM; AND THE GUNS THAT GO BOOM! BOOM!—GILBERT

Safety Program And Field Days Topics for Lions

Parkinson and Cobb
Principal Speakers
At Club Meeting

Safety and the county and state field days were the principal topics under discussion at Tuesday evening's dinner meeting of the Washington C. H. Lions Club at the Country Club.

Robert Wise had reported that 102 youngsters had taken their bikes to the field house at the new public park on Millikan Avenue to have them striped with Scotchlite reflective tape Monday evening and that 82 had taken their bikes there Tuesday evening. The reflective tape, it has been emphasized, is not designed to take the place of headlights or tail lights.

City Manager James F. Parkinson then spoke briefly on safety and commended the club for its interest and initiative in carrying on this "Lite-a-Bike" program for added safety.

At the same time, he reminded that adults, principally automobile drivers, still have responsibilities in the overall safety program and said the Lions Club campaign filled an urgent need. He suggested that such a safety program be made one of the permanent Lions club projects.

Although bikes may have Scotchlite tape on them, Parkinson said motorists would still have to keep a careful watch for them; the reflective tape, he said, would make it easier for them to avoid accidents.

ALBERT G. COBB, the associate county agent, gave an outline of the plans that have been made for the county plowing matches next Monday on the Ohio Wesleyan Farm and the state plowing matches and field days Tuesday and Wednesday on the Fayette Herford Ranch in Wayne Township.

He told of the broad objectives of the field days, both county and state, and went into considerable detail concerning the conservation, agronomy and livestock projects that would be shown.

He said there also would be an exhibit of farm machinery and equipment that was expected to be different from the usual displays of this kind.

Wayne Bower, the program chairman for the meeting, introduced Eddie McCoy, the chairman of the Lions Club Field Day committee. After hitting the highlights of the club's part in the event, McCoy introduced Cobb, who gave the Lions some idea of what the field days and plowing matches would be.

Rev. John Frederick, a former resident of Washington C. H. who has just returned here to make his home, at least for the time being, was a guest at the meeting. He was introduced as a Lion who was a member of the club at Mt. Orab, where he held his latest pastorate.

Robert Minshall, the club president who presided at the meeting, announced that the new teachers in the city schools would be guests of the club at its Sept. 15 meeting.

A 75 percent attendance was reported.

Msgr. C. A. Hickey Dies At 90 Years

Reports from Cincinnati announce the death of Msgr. Charles A. Hickey, 90, the last survivor of seven children who became priests or nuns. He was a brother of Father Hickey, former pastor of St. Colman's Church here, many years ago.

He was elevated to the Monsignor in 1931, the third of five brothers to be so honored—a record in the United States.

He was a pastor of a Dayton Church for 33 years.

QUESTIONS & ANSWERS ABOUT INSURANCE

Q. What will my FIRE insurance policy pay for?

A. A modern "Extended" policy will pay for loss by Fire, Wind, Lightning, Explosion, Hail, Riot, Aircraft, Moving Vehicles and Smoke from faulty furnaces. You get broader coverage at steadily declining costs!

Lite-a-Bike Program Is Getting Results

Youngsters are going for the bicycle safety program that the Washington C. H. Lions club is conducting this week with its Lite-a-Bike campaign.

The club made arrangements to put strips of Scotchlite tape on the fenders, handlebars and frames of the bikes for the boys and girls who bring them to the field house in the new public park on Millikan Avenue between 5 P. M. and 6 P. M. this week.

The purpose of the program is to give added protection to night bicycling. While the Scotchlite tape reflects the lights of approaching automobiles, it is not designed to take the place of regular headlights or taillights.

During the first two evenings, 184 youngsters brought their bikes to the park for taping—there were 102 Monday evening and 82 on Tuesday evening.

The tape was applied by volunteers from the club. L. F. Everhart, the committee chairman, gave this list of aides: Dr. Charles Griffiths, Dustin Gorton, Eugene Heath, William Junk, Dr. Sam Sauer, Earl Dunaway, Robert Sanderson, Leo Edwards, Kenneth Johnson, Joe White, William Lovell, Elmer Reed and Don Gibson.

Those who have not yet taken their bikes to the park still have three evenings to get them safety-taped, for the Lions will be at the field house Wednesday, Thursday and Friday from 5 P. M. until 6 P. M.

Autos Sideswipe In Creek Bridge

Two automobiles came together in the Sugar Creek Bridge on the Palmer Road Tuesday evening. The accident was investigated by Deputy Sheriff Ernest Fout.

The cars were owned by Lester E. Shoemaker, route 3, and J. W. Smith, city.

Smith told the officer that he thought the driver of the other car was going to slow down, but did not do so, and that Smith pulled over until his car was scraping the side of the bridge.

Shoemaker is quoted as saying, "we were in the bridge and hit."

No one was injured and no arrests made.

Marksman Dies

SPRINGFIELD — Charles T. Henderson, 80, one of Ohio's most prominent trapshooters, died yesterday following a long illness.

FARMERS HAUL WATER

WELLSTON—Many Jackson and Vinton county farmers are hauling water for their livestock and for their own use.

Six Fire Alarms In Short Period

Burning of Rubbish
Blamed for Most

Six fire alarms were turned in within a few hours Tuesday afternoon and night. It was the busiest time in such a short period since a memorable day a few years ago when the firemen responded to 11 alarms in 24 hours.

Most of the alarms Tuesday were grass fires, two or three of which were started from burning rubbish.

Most of those when the 11 runs were made also were grass fires.

Two of the runs Tuesday afternoon and night were to the Coffman Stair Co. plant on Sycamore Street, where sawdust was on fire.

The second time was the fourth visit of firemen to the plant on the same kind of a call in two days. Backfiring of a truck had set fire to the sawdust originally and the successive fires apparently resulted from smoldering sawdust which had not been reached by water on the previous calls.

The first run to the Coffman plant Tuesday was at 12:55 P. M. and the other at 9:20 P. M. No damage resulted from any of the fires.

AT 2:17 P. M. a grass fire on the James W. Carr premises, 619 Leesburg Avenue, caused by burning rubbish, according to the firemen's report, was extinguished without damage.

The third call of the day was at 2:20 P. M. on route 70, north, where firemen said a cigarette had started a fire in a field. It had been extinguished by nearby residents and others when the firemen arrived.

The fourth was at 2:37 P. M. at 906 Van Deman Avenue at the Mose Merritt premises. Grass had been set afire from burning rubbish, the report stated.

At 5:40 P. M., a short circuit in Glen Riley's car at 304 East Market Street, was given attention by firemen. Damage was light.

Firemen again cautioned the public generally not to burn rubbish during the dry weather unless it is given proper attention.

KNEW WHAT TO DO
BELEFONTAINE—Robert Amernie, newspaper delivery boy, saw a roof of a subscriber on fire, summoned firemen, got a pitcher of water and ladder and had the fire out when firemen arrived.

MAY SELL PLANT
BATAVIA—Blocked by council's refusal to submit a referendum on the November ballot, a group of citizens have taken initiative action which involves sale of the municipal power plant.

"IT'S SO EASY TO PLACE A WANT AD."

Final Tribute Paid To Mrs. Hitchcock

Old friends here gathered at the Gerstner Funeral Home at 2 P. M. Tuesday to pay their final tributes to Mrs. Clara S. Hitchcock when funeral services were conducted for her by Rev. Sanford Lindsey, pastor of St. Andrew's Episcopal Church.

Rev. Lindsey read the office for the burial of the dead from the Episcopal Book of Common Prayer in the service that was brief but impressive. He also paid a personal tribute to Mrs. Hitchcock who was one of the founders of St. Andrew's Church here.

Pallbearers for the interment in the Washington C. H. Cemetery were Dr. Paul S. Craig, Howard S. Harper, Richard R. Willis, Forrest Ellis, George Pensyl and M. Grove Davis.

Funeral Service Held For Mrs. Leaverton

Funeral services for Mrs. Hazel Leaverton of Samantha, were held at 2 P. M. Monday at the Evans Funeral Home in Hillsboro. Mrs. Leaverton died at the Highland County Hospital in Hillsboro Saturday afternoon after a long illness.

She is survived by her husband, Horace, and five daughters and one son, Mrs. Minnie Ruth Smalley of Washington C. H., Mrs. Rosann Dickson of Lynchburg, Mrs. Kathleen Beatty of Greenfield, Mrs. Charles Dillen of Hillsboro, Miss Martha Arlene and Horace Franklin, Jr., at home.

Too Much Speed Brings Charges

One Man Is Held
For Drunken Driving

The police electric clock was responsible for 19 drivers being rounded up on Columbus Avenue, Tuesday afternoon.

In addition to the long list of arrests for speeds ranging from 41 to 50 miles an hour, Ralph E. Kerns, 31, Greenfield, was arrested for driving while drunk and placed in the city jail to await a hearing Wednesday.

Those picked up for speeding were: Chris Henry Schwettman, Cincinnati; Benney Barnett, Leesburg; Ray M. Kerns, Columbus; Rodney G. Mick, route 3; Charles W. Reno, Hillsboro; Vincent Fairley, Leesburg, route 1; Joseph Arthur Gerada, Detroit; Emil Glen Bidwell, city; Carl B. Bankemper, Jr., Lookout Heights, Ky.; Howard McWilliams, Jr., Covington, Ky.; William R. Horne, Hillsboro, route 2; Malcolm Utz, Cincinnati; Alex Albert Black, Parma; Robert Lee Thomas, Covington, Ky. All posted bonds for their appearance in municipal court.

In another check on Clinton Avenue, police picked up William A. Fox, city; Rufus C. Shaver, Circleville; Herbert H. Williamson, city; George Robert Nelson, Cincinnati; Marie Hughes Koehler, Cincinnati.

Cornwall, England, has been noted for its tin since ancient times.

Trapshoot Is Held At Club's New Range

Harold Coleman of Good Hope took the top honors at the first public shoot of the Five Star Rod and Gun Club held since last May. The shoot was held over the weekend at the Leslie Sollars Farm near Rock Mills.

Coleman took three first prizes and five seconds for a total of eight to win the shoot. Five persons tied for second place, each getting five prizes. They were H. M. Klever, Jay Duvall, M. S. Chester Straley and Chester Straley.

Mack Marlin, secretary-treasurer of the organization, has announced that from now on, public shoots will be held once a month and club shoots twice a month. Other officers of the club are Jay Duvall, president and Harold Coleman, vice president. The shoots will be held on the Sollars farm.

Results of the shoot, with the number of prizes each person won, were:

H. M. Klever, 5; Ken Smith, 3; E. Stanforth, 1; D. W. Williams, 3; W. T. Maxwell, 1; Merrick Clark, 4; Bill Roberts, 2; R. Johnson, 1; P. J. McDonough, 2; Grover Shipley, 2; Jay Duvall, 5;

RISCH DRUGS

Jack Hoskins, 2; Mrs. Chester Straley, 5; Chester Straley, 5; Chester Black, 1; Earl Aynes, 3; Harold Coleman, 8; Ronald Cornwell, 3; H. D. Leeth, 1; Ernest Snyder, 2; C. R. Thomas, 2; Ernest Shelton, 1; Kenneth Eggleston, 4; R. Boots, 4; Roy Geesling, 1 and L. Stanforth, 1. There were six shooters who didn't win any prizes.

TRIAL UNDER WAY

WILMINGTON—Trial of Dr. Herbert C. Blackman, Blanche osteopath, charged with performing a criminal operation which resulted in the death of Mrs. Blanche Day, is underway.

The armor of an armadillo is modified skin, like fingernails.
